[illegible]

Interim Assessments	Summative Assessments
Allows teachers to check student progress throughout the year, giving them information they can use to improve their instruction and help students meet the challenge of college- and career-ready standards.	Determine students' progress toward college and career readiness in English language arts/literacy and math.
Test can be taken unlimited times or at a different grade level, and begin in Fall semester.	Test is only taken one time in the Spring semester.
Users hand score the short answer and full write test items using the Teacher Hand Scoring System (THSS).	Hand scoring is made possible by Measurement Incorporated (MI).
Interim Comprehensive Assessments (ICAs) test the same content and report scores on the same scale as the summative assessments. Interim Assessment Blocks (IABs) focus on smaller sets of related concepts and provide more detailed information for instructional purposes.	Consist of two parts: a computer adaptive test (CAT) and a performance task (PT).

What Is the Secure Browser?

The secure browser is designed to ensure test security by prohibiting students from accessing any other programs or websites during testing.

If you have questions about installation of the secure browser, contact your Technology Coordinator.

Issue	Error Message	What to Do
Student first name and EDUID do not exactly match what is in TIDE.	Please check that your information is entered correctly. If you need help, ask your Test Administrator.	Verify that the student has entered the correct first name and EDUID exactly as they appear in TIDE. You may need to use the Student Lookup Tool, which is located in the Test Administrator Interface, to verify that the student is in the system.
Student enters the session ID incorrectly.	The session is not available for testing.	Verify that the student has entered the correct Session ID with no extra spaces or characters.
Student enters a session ID for an incorrect or expired session.	Session has expired.	Ensure that the student enters the correct Session ID for the current session. If this does not work, verify that your session is open using the Test Administrator Interface.
One person (either the TA or the student) is using the Operational Test Administration Site, and the other is using the Practice Site.	The session is not available for testing.	If taking a practice test, make sure that you and the student are both on the Practice Site. If taking an operational test, make sure the student is using the Secure Browser, and you are using the Operational Test Administration Site.

Test Pause Rules

- For any tests that have been paused for less than 20 minutes, students returning from a break in testing can revisit any items in the current test segment and change their answers if desired.
- Students taking a CAT or Science test who have paused their tests for longer than 20 minutes may only return to the most recently visited page containing unanswered test items in the current test segment. They may change any answers present on this page but may not access any items on previous pages or in previous segments of the test. Make sure students understand this rule.
- If all items on the most recently visited page were answered prior to pausing, the student will resume the test on the next page with unanswered items and will not be allowed to access previous pages or segments of the test.

Test Timeout

Test Timeout Due to Inactivity

- As a security measure, after 30 minutes of test inactivity, students are logged out and their tests are paused automatically.
- Inactivity is determined by whether the student is interacting with the test by selecting answers or using navigation tools. Clicking an empty space on the screen is not considered activity.
- Students will receive a warning message prior to being logged out and must click **OK** on the pop-up message within 30 seconds in order to avoid automatic logout and pausing of their test.
- If a student's test is paused due to inactivity, the same rules apply as when the student intentionally pauses the test.

Transferring Sessions

Important!
One or more sessions are already open with this account. You may do one of three things:

- 1) To administer an already active session on this device, enter your session ID in the box below and click [Enter]. The device that is already hosting the session will be locked out and this will be the only device that can oversee the session. This action will be invisible to all the students who may be in your session and will not interrupt any ongoing testing.
- 2) If you are unsure of your session ID or you believe this may be an error, click [Start a Different Session]. This will create a new test session. Any students testing under the old session ID will not be interrupted, but they will need to re-login under this session if you are overseeing their session on this device.
- 3) Click [Logout] button to log out of this device. On-going test sessions will not be interrupted.

1 OPEN session(s)

Troubleshooting

Description	What to Do
What should I do if a session ends?	Log in and start a new session. Provide the students with a new session ID.
What should I do if a student gets logged out of a test while a session is still active?	If a student's test session is interrupted, the student should log back in and rejoin the session.
What should I do if forbidden applications are running?	The secure browser will not allow the student to begin testing if forbidden applications are running. You will see messages advising you which applications must be closed before testing can begin.
What should I do if a student's test freezes?	Force quit the secure browser and log back in. For instructions, refer to the <i>TA User Guide</i> .

SUPPORTING SCHOOLS AND STUDENTS TO ACHIEVE
SHERRI YBARRA, SUPERINTENDENT OF PUBLIC INSTRUCTION

Troubleshooting (continued)

Description	What to Do
What should I do if a student took a test using an incorrect EDUID?	Contact the Idaho Help Desk to have the test reassigned to the correct EDUID.
What should I do if a student tested with incorrect designated supports or accommodations?	This is handled differently depending on whether the designated supports are incorrect, or the accommodations are incorrect and how far along the student is in the assessment. The test may need to be continued once correct supports or accommodations are set, or reset (started over). Please refer to the TAM, and documentation on submitting test improprieties for more information.
